Federal Forms – Impact Aid

We are in the process of completing the Impact Aid process and would greatly appreciate the support of our families. This is a form that is completed by parents each school year. For those who are unsure of the purpose of impact aid, the following video link will provide an overview.

Right now, the form is completed electronically and was sent to parents via email. Some emails may have gone to spam filters, were accidentally deleted, or were missed. For those families who have not completed the process, you may easily access the information with the following survey link: <https://impactaid.cmcss.net>, click the button which states, “I don’t have a claim code,” and you will be able access their survey. Thank you for your assistance!
